

Mobile Device Wearable Microphone

Getting Started:

- Connect the adapter's Headphone Jack to your device—for Apple devices, use the provided adapter.
- Plug each lapel mic into one of the gray Microphone Inputs on the adapter.
- Test your sound and start recording!

Connect Three or More Microphones:

- To use three or more microphones, stack two or more adapters—connect the adapter Headphone Jack to a Microphone Input in another adapter.
- Plug microphones into the remaining Microphone Inputs on any adapter.
