Welcome to Whodunit: Moraine Valley Mystery. This is a campuswide version of the popular "whodunit" board game, Clue. Are you a good detective? If you are, you could win a gift certificate to the Moraine Valley Bookstore: \$50 grand prize, \$30 second prize and \$20 third prize (for student entries). All students with correct responses will win a \$5 copy card for the library. Staff and Faculty entries will be awarded a "special" prize that will be announced at a later date.

Scenario

Someone has stolen the college's signed copy of the award winning novel, *The Curious Incident of the Dog and the Night-Time*. Since this book was signed by author Mark Haddon, it is a priceless part of the college collection. The Moraine Valley students, faculty, and staff must have it back! A list of suspects have been gathered. The possible weapons used in the crime have been compiled. Possible locations where the book was last spotted have been put together. Can you assemble the clues that will solve the mystery?

The game has concluded.
